

Dan Nall
Professional Engineer
Registered Architect
ASHRAE and AIA Fellow

Mr. Nall is a professional engineer, a registered architect, an ASHRAE and an AIA Fellow, a LEED Fellow, an ASHRAE Certified Building Energy Modeling Professional, a certified High Performance Building Design Professional and a Certified Passive House Consultant. He is currently a member of the ASHRAE Task Force for Building Decarbonization, is Chair of ASHRAE Standards Project Committee 227P, the Passive Building Design Standard, and is a member of the Commercial Buildings Working Group of the New York City Local Law 97 (Building Carbon Emissions Limitation) Advisory Group. He has been involved in building energy efficiency and HVAC engineering for 45 years. He has been a faculty member at the Schools of Architecture at the University of Pennsylvania, Princeton University, Cornell University and Columbia University. He is the author of numerous papers in professional and technical journals. He has also presented at numerous USGBC, AIA and ASHRAE national conferences and conventions, and at international events in Spain, Italy, Brazil, Argentina, UAE, India, and Indonesia. Projects for which he has had a substantive engineering design contribution include, 200 West Street, NYC (Goldman Sachs Headquarters), the William J. Clinton Presidential Center, the University of Virginia Albert and Shirley Small Special Collections Library, the Delaware State Archives, the New York Times Headquarters, the Hearst Tower, NYC, the Banco Macro Headquarters in Buenos Aires and the U.S. Embassies in Sofia, Bulgaria, Cape Town, South Africa, and Kathmandu, Nepal.
